Exceptional Student Services Parent Involvement Survey

As part of the Individuals with Disabilities Education Act (IDEA '04), the Arizona Department of Education/Exceptional Student Services (ADE/ESS) section is required to report how well schools facilitate parent involvement in order to improve services and results for children with disabilities. This data is gathered from parents of children with disabilities through the Parent Involvement Survey and is published in the ADE/ESS Annual Performance Report (APR), which is posted with other public reports on the ESS website, www.azed.gov/special-education/resources.

Each year selected public education agencies (PEAs)—school districts and charter schools—are required to administer the survey. PEAs are selected based on the year in which they are monitored by ADE/ESS. All PEAs will conduct the survey within a six-year period. By participating in the confidential survey, parents have an opportunity to voice their opinions.

The following PEAs will survey parents during the 2013-14 school year.
